

Fuel and Exhaust (Group 3)

Carburetor Rebuilding and Restoration Service

Each carburetor is totally disassembled and cleaned in a hot tank solution. Then, each component is correctly plated, painted and colored to duplicate it's original factory finish. The carburetor is reassembled using all proper gaskets, pumps, needles and seats, etc. and new correct screws. Finally, all bench adjustments are made to factory specs. This includes correct shimming of the start switch. The result, the best rebuilt and restored carburetor available in the Hobby.

NOTE: This is not an area to skimp on your restoration. Demand the best!

- 1961-1972** All 2bbl Carburetors w/ Bakelite switch
CRS-390\$325.00 ea.
- 1961-1972** 4bbl. Carburetor rebuilding service.
CRS-520\$379.00 ea.
- 1964-1966** All Carter 2 x 4 Sets
