

# Literature (Group 16)

**SHOP MANUALS:** A Shop Manual is *essential*. This should be your very first purchase after buying your car. These fully illustrated books were originally developed by **BUICK** for trained **BUICK** mechanics. They offer in detail, description and analysis as well as maintenance and step by step overhaul procedures. All of our Shop Manuals are *Full Size* as originals with the clearest print and pictures available in a "xerox" type copy form. The covers are "in color" and protected by a heavy clear plastic to keep them clean. As an additional feature, each manual is spiral bound in plastic for long lasting use.

**OWNERS MANUALS:** Originally placed in the glove compartment of each car. They contain a wealth of information on awareness, instruction and maintenance of your newly purchased car.

**FISHER BODY MANUALS:** These books are "Shop Manuals" for the Body of the car. Topics include Doors, Panels, Weatherstripping, Glass, Glass Channels and all interior. Fisher Body Manuals through 1948 deal with all G.M. Fisher Bodied Cars. Later years deal specifically with **BUICK** only.

**CHASSIS AND BODY PARTS BOOKS:** These books were sent to **BUICK** dealerships for their Parts Department Staff to recognize and identify parts. The illustrations within, enable you to find the "group" and "part number" of each part - then identify.

*All items listed below are quality copied from genuine Buick originals. They are provided as informative tools for restoration purposes.*
